## MISSION STATEMENT

The mission of Lambuth University, an institution of the United Methodist Church, is to provide an affordable, church-related, person-centered, undergraduate educational experience of high quality, which emphasizes the liberal arts and sciences, professional programs designed for intellectual growth in the pursuit of meaningful employment, responsible and informed world citizenship, and Christian stewardship and service.

# The University

Lambuth University is an independent undergraduate, church-related institution supported by the Memphis Annual Conference of the United Methodist Church. Since 1843, with its beginning as Memphis Conference Female Institute, Lambuth has provided students an opportunity to use their intelligence in the service of God and humanity.

Lambuth University is located in Jackson, Tennessee, a city of about 55,000 people, in the heart of West Tennessee. Jackson is easily accessible by highways Tennessee 20, U.S. 45, 70 and Interstate 40. The city of Jackson is a major commerce center for West Tennessee, and has three colleges in addition to Lambuth, a civic center, coliseum, symphony orchestra, excellent medical facilities, parks and shopping centers.

Lambuth has a limited enrollment with small classes and much responsibility for students in the areas of academic and social life. All students who enter the University are expected to support its purpose and abide by its regulations; however, students are encouraged to think for themselves, and—in the context of a world that changes each day—students have the opportunity to question, to discuss, and to bring their concerns to the faculty and administration of the University. The University recognizes that students' concerns and questions and the University's purpose are the reasons for their being at Lambuth University.

In providing an academic atmosphere for students, any institution must have a faculty who support the purpose of the University and who respond to students. Lambuth University knows that the faculty and students are the most important part of the University's existence. Even though faculty members participate in research and scholarship, their primary responsibilities are teaching and advising.

As evidence of its commitment to teaching and learning, the University has a sequence of courses required of all students. These requirements include two courses in religion; competency in certain skills such as writing, speaking, and physical education; knowledge of subject matter such as natural science, mathematics, computer science or computer information systems; two interdisciplinary courses, and comprehensive evaluation at the senior level. In offering such a sequence of courses, the faculty realizes that students need more than a certain number of hours in order to be educated. As the Purpose of the University states clearly, liberal education at Lambuth involves a reaffirmation of the Wesleyan emphasis on academic excellence and faith in a

world that needs freedom of inquiry, careful analysis, communication, responsibility, and service to others.

## Historical Background

On December 2, 1843, the Memphis Annual Conference of the Methodist Church received a charter from the General Assembly of the State of Tennessee authorizing the establishment of a college for women to be known as the Memphis Conference Female Institute. Almost without interruption this institution served West Tennessee with an educational program for women that was widely recognized. In November, 1921, the Memphis Annual Conference voted to establish a coeducational institution of higher learning. Accordingly, the M.C.F.I. charter was amended on January 3, 1923, providing for coeducation and changing the name to Lambuth College in honor of the pioneer Methodist missionary bishop, the Reverend Walter R. Lambuth, M.D. The administration-classroom building, known now as Amos W. Jones Hall, was built in 1923-24. Dr. Richard E. Womack was elected president May 12, 1924. When Dr. Womack resigned after twenty-eight years of dedicated service, Dr. Luther L. Gobbel was elected President of Lambuth and assumed his duties October 13, 1952. In June, 1962, Dr. Gobbel retired after ten years of service. On July 1, 1962, Dr. James S. Wilder, Jr. became president. After eighteen years as president, Dr. Wilder became Chancellor of the College and retired from that position in December, 1981. Dr. Harry W. Gilmer became the President of Lambuth College on June 1, 1980, and served until October, 1986. In July, 1987, Dr. Thomas F. Boyd became President of the College. On July 1, 1991, Lambuth College became Lambuth University.

## The Purpose of Lambuth University

As an institution of the United Methodist Church, Lambuth University recognizes the interdependence of education and religion. Lambuth, therefore, reaffirms the Wesleyan emphasis on the necessity for both academic excellence and authentic faith that issue in the highest standards of personal integrity. The University endeavors to provide a congenial atmosphere where persons of all faiths may work together for the fullest development of their total lives.

As a university committed to the liberal arts, Lambuth provides resources and encouragement for students to reach an understanding of the cultural heritage of people throughout the world that will broaden their perspectives, enrich their personalities and enable them to think and act wisely amid the complexities of the present age.

As an institution of higher learning, the University strives to be an academic community of free inquiry in which men and women may prepare for lives of leadership and service to God and humanity. It is here that students are expected to acquire certain skills and knowledge which will give them an ability to examine life critically, appreciatively and comprehensively; a compe-

tence in at least one field of knowledge which will help prepare them for a profession or vocation; and a desire to continue their search for truth and knowledge throughout life.

### Scope of Service

Lambuth University is a fully accredited, coeducational four-year institution of liberal arts and sciences. ## Special Programs

---

**1. Honors.** An Honors study is available in most departments for students who have a cumulative GPA of 3.25 or higher at the end of the first semester of the junior year. Honors consists of the following eight semester-hour sequence of research or the equivalent over the last three semesters of study in a particular discipline:

Honors I. Two hours credit. Spring Term, Junior year.

Honors II. Two hours credit. Fall Term, Senior year.

Honors III. Four hours credit. Spring Term, Senior year.

**2. Lambuth Scholar.** Each school may select two Lambuth Scholars, seniors who receive credit for course work but who meet requirements in a more independent manner than tests and attendance.

**3. Adult Learner.** Lambuth University attempts to meet the special needs of some students by offering an Adult Learner Grant. An Adult Learner is a student who has graduated from high school at least eight years prior to enrolling at Lambuth. Those qualifying as an Adult Learner will receive reduced tuition charges.

**4. Evening Student.** A schedule of evening classes is offered throughout the year to serve those students who work full- time and cannot attend regular day classes. Students may be able to complete requirements for graduation by attending evening classes. Those qualifying as an Evening Student will receive reduced tuition charges.

**5. Three-Year Residence Program.** Students entering a professional school (medicine, dentistry, engineering, etc.) at the end of the junior year may fulfill requirements for the Bachelor's degree from Lambuth by completing core requirements, major and minor requirements, and a minimum of 96 semester hours. With the department's recommendation, eight hours of the minimum 32 to be transferred from the professional school, may be used to meet Lambuth graduation requirements. Application to be considered for the three-year residence degree should be made in the Dean's office by mid-term, spring semester, of the junior year.

**6. Teacher Education.** The Lambuth program in Teacher Education meets licensure requirements for elementary, secondary, and special education. Courses in the Core Requirements, Professional Education and Subject Matter Areas meet the requirements of the State of Tennessee.

**7. Special Major.** The Special Major Program is designed for those students who discover that none of the established majors fits their needs. Students who want to enter this program should make application to the Academic Dean by submitting a proposal for the Special Major. The proposal should include (1) a faculty advisory committee, (2) course work in two or more disciplines, with a minimum of forty semester hours, and (3) completion or plans for completion of University requirements. Students seeking a special major should submit a proposal prior to attaining senior standing and no later than two regular semesters prior to graduation.

**8. Independent Study and Course Taught Tutorially.** With the instructor's recommendation and approval by the department chairperson and appropriate School Dean, students may elect to take a course tutorially or do an independent study. An independent study is a course not listed in the Catalog. A course taught tutorially is a course listed in the Catalog but not available for students because of the schedule.

## Academic Standards

This catalog contains the policies, standards, and courses by which entering students fulfill academic requirements. Students who entered and were classified under the academic requirements of previous catalogs may complete graduation requirements which were applicable at the time if the degree is conferred within five years of entering Lambuth University. The final responsibility for fulfilling requirements for all degrees rests upon the individual students.

### 1. Classification of Students

Freshmen: Those who have earned fewer than 28 semester hours.

Sophomores: Those who have earned 28-59 semester hours.

Juniors: Those who have earned 60-91 semester hours.

Seniors: Those who have earned at least 92 semester hours.

**2. Numbering System:** Courses usually taken by freshmen are numbered 1000-1999; those intended for sophomores, 2000-2999; those usually taken by juniors, 3000-3999; and those planned for seniors, 4000-4999. Lower division courses are numbered 1000-2999; upper division courses are numbered 3000-4999. The fourth digit of the course number normally indicates the amount of credit hours. For example, Chemistry 1314 has four credit hours. Course numbers with a "W" indicate a writing course.

### 3. Grading, Quality Points, Grade Point Average

Grade	Explanation	Quality Points per Credit Hours
A	Excellent	4
B	Good	3
C	Average	2
D	Poor	1
F	Failure	0
I(A,B,C,D,F)	Incomplete	4,3,2,1,0
P -F	Pass/Fail	0
W	Withdrawn	0
Au	Audit	0

The grade of **I** is given only in exceptional cases. The **I** is issued with a letter grade (ID) indicating the grade earned if the work is not completed by the time set by the instructor but no later than the sixth week of the next regular semester provided no courses are taken in the interim. All **I** grades must have approval of the Academic Dean. Juniors and seniors may elect to take one course each term on a Pass/Fail basis, not to exceed four courses. This option is to be declared at registration. Changes thereafter must be approved by the Academic Dean. These courses must be electives outside the major, minor and core requirements and must have the instructor's permission. No quality points may be earned. (Veterans see Veterans Education Benefits.) Permission to audit (AU) a course is given by the instructor if space is available. Course requirements for audit must be agreed upon by the instructor and the student. Grade point average (GPA) is determined by dividing the number of quality points earned by the number of credit hours attempted. Instructors, with the permission of the Academic Dean, may inform students that their final grade will be an F in any course at any time. Courses so affected may not be dropped after the drop period. This action may be appealed to the Academic Dean.

**4. Academic Honors.** To be eligible for Dean's List honors, students must have a 3.5 GPA or higher and receive credit for at least twelve semester hours work during the semester. Students otherwise on academic probation are ineligible. At Commencement, students who have a cumulative grade point average of 3.25 will receive their degrees **cum laude**; those who have a grade point average of 3.5 will receive their degrees **magna cum laude**; those who have a grade average of 3.85 will receive their degrees **summa cum laude**. Those students earning credits at other institutions are eligible for these awards if both the Lambuth academic average and the overall academic average meet the requirements for honors at Lambuth.

**5. Course Load.** Sixteen hours per term constitute a normal course load. **Full-time** students are those who take a minimum of twelve semester hours during a regular term. **Part-time** students are those who take fewer than twelve semester hours during a regular term. Six hours during a regular term constitutes half-time enrollment. For financial aid purposes, a total of twelve hours for all summer terms inclusive is full-time enrollment and six hours for all summer terms inclusive is half-time enrollment. Students may not take

## Academic Program

more than six hours in any one summer term or five hours in May term. In order to carry more than sixteen hours in a regular term, students must fulfill the following requirements:

### Fall and Spring Semesters

GPA	Hours
2.2 or less	12-16
2.3-2.4	12-17
2.5-2.9	12-18, Advisor's approval to take 18
3.0 or above	19-21, Advisor's and School Dean's approval to take above 18

### Summer Sessions

Students must have permission of their school Dean to take more than five hours in May or six hours in any Summer Session.

**6. Repeated Courses.** Students are encouraged to repeat courses that have been failed as soon after the failure as possible. Any course may be repeated unless the privilege is denied by the Academic Dean. Lambuth accepts the highest grade earned. (Veterans see Veterans Education Benefits.)

**7. Course Changes.** Within the period of full registration, students may make changes in their schedules. After the last day of full registration, no courses may be added. During the drop period, courses may be dropped with approval of the advisor and the instructor. No refund will be made for courses dropped after the refund period (see section on "Refunds" in catalog). After the drop period, only in exceptional circumstances can courses be dropped after approval by (1) the advisor, (2) the instructor, and (3) the appropriate School Dean. There is a \$10.00 fee for all course changes.

### 8. Academic Discipline.

**a. Academic Probation.** Freshmen having less than 1.75 GPA and sophomores having less than 1.90 GPA in any term or cumulative for all terms, juniors and seniors having less than 2.00 in any term or cumulative for all terms, will be placed on academic probation. May and Summer Terms will be treated as one term for the purposes of probation. (Veterans see Veterans Education Benefits.)

**b. Academic Suspension.** Students who (1) fail 50% or more of their courses in two consecutive terms, or (2) have been placed on academic probation for two consecutive terms will be suspended. Transfer students admitted on probation are subject to suspension after one term of probation at Lambuth. This placement means that students cannot continue to attend Lambuth and must stay out for at least one regular term. The University will **not** accept hours earned at another institution while students are on suspension. Applications for readmission and appeals of suspension must be made in writing to the Academic Dean. Students suspended for the second time will

be excluded. Lambuth reserves the right to suspend at any time students whose academic performance or action, in the opinion of the admissions committee, warrants such suspension.

**c. Social Suspension and Exclusion.** The University reserves the right to suspend or to exclude at any time students whose attitude, conduct, or academic standing is not in keeping with Lambuth's purpose and standards. In such case financial charges will not be refunded and neither Lambuth nor its officers will be under any liability for such exclusion. Appeals of Exclusion must be made in writing to the Academic Dean.

**9. Enrollment at Another Institution.** Once students enroll at Lambuth they must have the Academic Dean's permission to enroll at another institution if they intend to receive transfer credit toward a Lambuth degree.

**10. Class Attendance.** Students are required to attend all classes. If the academic standing of the student is affected by absenteeism, the instructor will notify in writing the student and the Academic Dean. Whenever it is necessary to be absent from class, students are responsible for consulting with their instructors. Lambuth has a "no-cut" policy in regard to class attendance.

**11. Withdrawal.** Students withdrawing from courses or from Lambuth during any term must make application in the Registrar's Office. No student may receive "W" grades until the application is completed and returned to the Registrar's Office. Students may not withdraw from courses or from Lambuth after the drop date without permission from the Academic Dean. All students planning not to return for the following regular term must have an interview with their advisors, the Vice President for Student Life, and the Director of Financial Aid.

**12. Transfer Credit.** Within the 128 semester hours required for graduation, Lambuth University requires a minimum of 60 semester hours of work at a four-year accredited institution. At least the last 32 hours must be earned at Lambuth University for a Lambuth degree. Lambuth students classified as a junior or senior may not receive credit for hours earned at two-year institutions.

**13. Correspondence and Extension Courses.** Correspondence and extension courses may be applied toward graduation only in exceptional cases and must be approved in advance by the Academic Dean. No more than the equivalent of eight semester hours or two courses may be applied in any circumstance.

**14. Cross-Campus Registration.** Currently enrolled Lambuth students have the opportunity of taking classes at Freed-Hardeman University and Union University through a cross-campus registration agreement with those institutions. Arrangements for this registration must be made in the Office of the Academic Dean. (Veterans see Veterans Education Benefits.)

**15. Additional Degrees.** Students wishing to earn a second baccalaureate degree at Lambuth may do so by completing 32 additional hours beyond that required for the first degree and by offering an additional major and fulfilling other requirements appropriate to that degree.

The Department of Education functions in the professional education of elementary, secondary, and special education teachers, in the preparation of students for graduate study and research in education, and in cooperative efforts with public and private school personnel for educational improvement opportunities.

Students who wish to become candidates to teach in the elementary grades or in special education, must have an interdisciplinary major. Teacher candidates who wish to teach in grades K-4 must have a concentration in child development courses while students who wish to teach in grades 5-8 must have a concentration in the arts and sciences. Students planning to teach in the secondary schools major in the appropriate certifiable subject matter. Those wanting licensure in Special Education must have an Exceptional Learning Major with a choice of emphasis in Speech and Language, Early Childhood, Hearing Impaired, Comprehensive Programs or Modified Programs. Those wanting licensure in elementary, secondary or special education may earn the Bachelor of Arts or Bachelor of Science Degree. All programs are approved for licensure in the State of Tennessee. Program adjustments can be made to meet the licensure requirements of other states.

### **Statement of Outcomes for Students**

“The Education Department of Lambuth University seeks to prepare its students for licensure by providing a common core of liberal arts and sciences based upon Christian values reaffirmed by the Wesleyan emphasis on the necessity for academic excellence and authentic faith that issue in the highest standards of personal integrity. Lambuth University strives to be an academic community of free inquiry in which future teachers are encouraged to broaden their perspectives and to reach an understanding of other cultures as they prepare for lives of leadership and service.”

### **Admission to Teacher Education**

Students desiring a license to teach must be accepted by the Education Department before enrolling in any methods courses in the teacher preparation sequence. This should be done one semester prior to anticipated enrollment in methods courses. If approved, students are expected to enter a planned sequence of courses and follow them to completion.

In order to be considered for the Teacher Education Program, all of the following requirements must be met/submitted to the Chair of the Education Department for presentation to the Education Advisory Committee:

### **Recommendation for License**

Tennessee State regulations stipulate that the applicant for a professional license must be recommended by the teacher-training institution. The Chairperson of the Department of Education is the official designated to recommend students for teacher licensure. Recommendations are given only to those students satisfactorily completing the professional programs as outlined. To receive this recommendation, the applicant must have fulfilled the following requirements:

## **ELEMENTARY EDUCATION CERTIFICATION PROGRAM**

The Elementary Education Certification Program at Lambuth is designed to produce competent teachers for programs in kindergarten through the eighth grade. Since recent research has highlighted the centrality of the teacher in determining the quality of instruction in the classroom, and the quality of instruction with the amount that students learn, priorities of this program are to transmit the knowledge, values, and skills necessary to place more effective teachers in classrooms. It includes knowledge believed to be important to the teaching of values, content, knowledges, and skills which students will need if they are to live rewarding and satisfying lives.

The program will offer two areas of specialization: early grades and middle grades. The early grades specialization will prepare the student who wishes to teach in grades Kindergarten through four, and the middle grades specialization will prepare the student who wishes to teach in grades five through eight.

These specializations are realized through an Interdisciplinary Studies Major K-4 or an Interdisciplinary Studies Major 5-8. Each major requires successful completion of three groups of courses: I. The General Education Core; II. The Professional Education Core; and III. The appropriate Interdisciplinary study courses. The student must also complete the Enhanced Student Teaching semester successfully. Both of these avenues of study result in certification in the elementary grades K-8.

In addition to the Interdisciplinary majors, the university provides a Special Major consisting of (1) a faculty advisory committee, and (2) course work in two or more disciplines, with a minimum of forty semester hours. Further, students may, of course, select one discipline as a major and receive endorsement in Elementary Education by successfully completing the Professional Core and appropriate courses to acquire the knowledge and skills necessary for successful teaching.

### **General Education Core**

The General Education Core consists of the Lambuth University Core Curriculum (47 hours) with the addition of specific courses listed as the Supplemental Core. The Supplemental Core consists of courses intended to expand the University Core by highlighting the Social Sciences and the Arts.

## Professional Education Core

The Professional Education Core at Lambuth is designed to equip students to succeed in the face of the complexities of today's classrooms. It is believed that to achieve such success, students must have a solid grasp of learning theory as well as a thorough understanding of pedagogy. It is further believed that such knowledge without application is moot. Therefore, courses in the Professional Core include opportunities for students to study the historical, sociological and philosophical foundations of education; the cognitive processes necessary for learning content in an integrated fashion; and opportunities to observe and apply this knowledge in actual classroom settings.

(Note: Unless indicated otherwise, all courses apply to both K-4 and 5-8 specializations.)

## Interdisciplinary Major (K-4)

This major is designed for the student who intends to teach in the elementary grades and has special interest in the young child. Courses are intended to provide students with the knowledge related to the physical, intellectual, psychological, and social development of the young child necessary to effectively guide learning.

# Admissions

Admissions policies, academic standards, and student life are ways Lambuth tries to reflect its purpose and ideals. Therefore, Lambuth University admits students who subscribe to its ideals and objectives and who are qualified by intellect, previous education, emotional and physical health, and character to do college work. Those who, in the judgment of the Admissions Committee, are thus qualified will find a warm welcome at Lambuth. Attendance at Lambuth University is a privilege which carries with it a responsibility to observe the University's regulations and standards.

---

## Admission Requirements

---

**Freshmen.** For admission to the freshmen class, Lambuth requires that a student graduate from an approved secondary school and have acceptable ACT or SAT scores. Applicants may be admitted with a state high school equivalency diploma in lieu of a regular high school diploma. It is highly recommended that as many units as possible be offered from the areas of foreign language, history, mathematics, natural science, and English. Some applications may be subject to approval by the Admissions Committee which considers test scores, grades, rank in class, school and community activities, and recommendations in its review of applications. Transfer students with fewer than twelve semester hours from an accredited college or university must satisfy Freshmen admission requirements.

**Advanced Placement, CLEP, Military, and other Credit.** Entering freshmen who successfully pass Advanced Placement Examinations or College Level Examinations prepared and administered by or under the auspices of the College Entrance Examination Board, or other comparable examinations, may be eligible to receive credit for certain courses. Application for such credit should be made to the Academic Dean by submitting examination scores. A maximum of 32 semester hours may be earned by examination or extra-institutional means. Military credit as well as other credit sanctioned by the American Council on Education may be acceptable to Lambuth with appropriate evaluation and approval.

**Early Admission Program.** An occasional superior student may be eligible for admission to the freshman year of college upon completion of the junior year in high school. To be eligible for such early admission, a student must have the recommendation of the high school principal, a grade point average of at least 3.0, and a 25 or higher composite score on the ACT.

**Transfer Students.** A student transferring from another institution must present an official transcript of the previous college record(s), and a statement of social standing from the institution last attended. Transfer students will be subject to the same academic regulations as Lambuth students. These regulations apply to transfer work that is acceptable at Lambuth University. Excess quality points earned on work taken elsewhere will not be allowed to make up for a deficiency in quality points on work taken at Lambuth.

**International Students.** Applicants whose native language is not English need to provide evidence of English proficiency. This may be done in one of the following ways:

1. Results of the Test of English as a Foreign Language (TOEFL). If you cannot locate a testing center in your country which administers the TOEFL, you may contact the Educational Testing Service, Princeton, New Jersey, 08540, U.S.A.

(or)

2. Results of the American College Testing Program (ACT). Contact: ACT, P.O. Box 414, Iowa City, Iowa, 52243, U.S.A.

(or)

3. Results of the Scholastic Aptitude Test (SAT). Contact: College Entrance Examination Board, Box 592, Princeton, New Jersey, 08540, U.S.A.

**\*\*Other approved English proficiency tests may be considered.**

To allow for adequate processing time, it is suggested that international students apply by May 1.

**Special Students.** Persons who have not fulfilled admission requirements or who do not seek academic credit toward a degree at Lambuth may apply to be admitted as special students. Application for this status should be made to the Academic Dean. If a special student desires to become a degree candidate, he/she must make application to the Admissions Committee for change of status. Special students are not eligible for some forms of financial aid normally available to degree seeking students.

**High School Students.** A limited number of high school students may enroll for college credit courses at Lambuth. To be admitted to such courses, a high school student must have earned at least a "B" average or its equivalent, must have the recommendation of the high school principal or guidance counselor and must have the permission of parents or guardians. Credits and grades earned by these students will be considered valid college work upon the student's graduation from high school.

---

## Admission Procedure

---

All students should apply for admission as far in advance of the opening of the University as practicable, particularly if housing accommodations on the cam-

pus are desired. It is not necessary to have finished high school before making application for admission to Lambuth; a transcript showing credit earned for six or more semesters may be followed later by a supplementary transcript showing the completion of the work. Final approval of any application is conditioned upon graduation from secondary school except for those students eligible for admission under the early admission programs. Intentional falsification of any information will result in exclusion from Lambuth. Students admitted to Lambuth will have grades and credits withheld and will not be permitted future enrollment until all materials required for admission and registration are on file in the Registrar's Office.

### **For Freshmen.**

Former students of Lambuth must apply for readmission through the Office of the Registrar. This application will request current information about the student and an account of educational experiences during the absence from Lambuth. Students who have been dismissed for Academic reasons must contact the Academic Dean to petition for readmission. Such petitions are considered by the Admissions Committee.

## Payments

---

Entering students planning to enroll and reside on campus are required to pay a room deposit of \$75.00. Requests for specific residence halls, rooms, and roommates are granted according to the date the room deposit is received. If the deposit is not received by May 1, the University cannot guarantee that space is available. Entering students not residing on campus are required to submit a \$25.00 class reservation fee. All returning students planning to reside on campus are required to pay an advance room deposit of \$25.00. These payments will be credited to the students' accounts. No scholarship, loan, or other award may be applied against the advance payment.

Full payment of tuition, room, board, fees and other charges will be required before classes begin each semester. The cost of an education at Lambuth is of concern to students, their families, and to the University. For students who cannot afford to pay in full, Lambuth will offer a Deferred Payment Plan to assist students in financial planning. Visa, Mastercard, and American Express are accepted for payment up to the approved limit for charges to these accounts. The four-payment deferred plan will be calculated as follows:\*

1st Payment—One fourth of balance must be paid  
the day of registration for each semester.

2nd Payment—September 30	Fall semester
February 10	Spring semester

3rd Payment—October 31	Fall semester
March 10	Spring semester

Financial Information

4th Payment—November 30	Fall semester
April 10	Spring semester

A student must settle his or her account for the current and/or any previous semester including charges accumulated during the present term of enrollment before a grade report, transcript or diploma can be released, and before being eligible to re-enroll for a subsequent semester.

**A student whose account is delinquent will be assessed a fee on the unpaid balance at the rate of 1% per month of the unpaid balance.**

***\*It is the student's responsibility to make arrangements for all financial aid, outside scholarships, loan, and other payment plans prior to the beginning of the semester. All pending financial aid approved by the financial aid director will be considered.***

# Financial Aid

Lambuth offers numerous ways for students to finance their Lambuth education. A Lambuth University Scholarship/Financial Aid application may be requested from either the Admissions Office or the Financial Aid Office. The Free Application for Federal Student Aid (FAFSA) may also be requested from these offices or from a high school guidance counselor.

Lambuth students may apply for all federal programs offered through the United States Department of Education. These programs are described in detail in the following pages. All students who need financial assistance are encouraged to apply for Federal student aid as recent program changes may make all students eligible for some form of Federal aid.

Applicants for any financial aid must be accepted for admission to Lambuth before any award is given. In order to receive priority consideration for financial assistance, students should apply for both Federal aid and Lambuth aid by February 15. Priority in awarding is given to students who are accepted for admission and have turned in all documents by March 15. (For all students starting in the spring semester, all documents should be turned in by November 15.)

**Satisfactory Academic Progress.** The United States Department of Education requires students receiving federal assistance to make academic progress toward graduation. A student must make progress toward a degree both in the number of hours earned in any term or cumulative for all terms and grade point average in any term or cumulative for all terms. The following quantitative and qualitative measures are used to determine satisfactory progress at Lambuth University.

Years	Hours Earned/ Attempted	Minimum Hours Attempted	Semester G.P.A.	Cumulative G.P.A.
1	24/28	0-28	1.75	1.75
2	50/59	29-59	1.90	1.90
3	76/89	60-89	2.00	2.00
4	104/128	90-128	2.00	2.00
5	128/160	129-160	2.00	2.00

Adjustments to the above time frames are made for part-time students.

Students receiving federal assistance may receive such aid up to 160 credit hours attempted. Students who receive all F's or W's for a semester are suspended from further financial aid unless extenuating circumstances are documented and accepted by the Lambuth Director of Financial Aid.

## How to Apply for Federal Student Aid

Complete the Free Application for Federal Student Aid (FAFSA) as soon after January 1 as possible. This application determines your eligibility for all federal programs including student and parent loans. When you receive your Student Aid Report from the federal processor, sign where indicated and send or take all parts of the report to the financial aid office at Lambuth.

The Financial Aid Office is required by law to obtain IRS tax return forms and other documents from many students and families. Please provide these only when requested to do so by the Financial Aid Office. If these forms are requested, no financial aid may be awarded until the Financial Aid Office has received and processed them. Students who turn in documents after November 1 for the fall semester or after February 1 for the spring semester cannot be assured of receiving financial assistance for that semester.

Students should submit a new application for all Federal Student Aid each year to be reconsidered for aid the next year.

## How to Apply for Lambuth Scholarships/Grants

Complete a Lambuth University Scholarship/Financial Aid Application. Academic scholarships are awarded to students accepted for admission before February 15. Students who would like to be considered for a Lambuth Workshop award must also submit the FAFSA.

**Regulations.** Each residence hall has its own Council which is responsible for the governance of the hall. Expenses include a \$75.00 room deposit paid through the Admissions Office for first time students. All students are charged a \$50.00 non-refundable maintenance deposit and a \$10.00 key deposit at registration. The room key deposit is refundable when the key is returned at check-out time if there is no outstanding student account balance. Students are responsible for damage to the room, and to the residence halls. Residence halls are closed during holiday periods observed by the University.

**Guests.** Guests who occupy a residence hall guest room will be charged \$10.00 plus tax per person per night. A guest may share a student's room at no cost provided the Residence Director is notified and the guest signs the guest register immediately upon arrival in the dormitory.

**Non-resident Students.** Lambuth serves annually many students whose homes are in Jackson and vicinity. Facilities are provided for day students in the classrooms, laboratories, library, recreation and athletic centers, and dining hall. In the dining hall meals are furnished as required and charges are made by meal accordingly.

## Publications

Lambuth University has four major publications. **The Vision** is the student newspaper published by a student staff and supervised by an editorial board. **The Lantern** is the University annual managed by the administration and the students. **The Lambuth Magazine**, a University publication, is published four times annually. It presents news of all facets of college life (administrative, alumni, faculty and students), and is mailed to over 26,000 alumni and other friends of the University. **The Coffeehouse Papers**, the University literary magazine, seeks to encourage creative writing at Lambuth. It is published once a year by a student staff.

## Counseling and Health Services

**Student Health Service.** Lambuth is concerned that each student should safeguard his or her health and promote his or her physical development. Through its Department of Health and Physical Education, its intramural

sports program, its recreational facilities, and its care of the student in case of illness, the University contributes systematically and regularly to this end. Infirmary service is provided for students with minor ailments. In case of illness requiring the attention of physician, surgeon, or other specialist or the care of a hospital, such service is available at the student's expense. Each student is expected to purchase health and accident insurance unless proof is submitted that the student is covered by a family, group, or other policy for the current college year.

**Student Counseling Service.** Lambuth University provides individual and group counseling services for all students. Personnel in the offices of Student Life, and members of the freshman Faculty-Peer Advisor teams are all well-qualified to assist students with their counseling needs. Through the Learning Enrichment Center diagnostic tests may be administered to aid in counseling. Tutorial services are available through the Learning Enrichment Center.

**Freshman Faculty-Peer Advisor System.** Each freshman is a part of an advising team comprised of a faculty member and an upper class student. These teams work with students in an effort to promote adjustment to University life and assure academic and social success. Upon completion of the freshman year, students are invited to select advisors in their major area of study to assist in academic advising for the remaining years at Lambuth.

## Records

A student directory is printed each semester for use by Lambuth faculty, administration, staff, and University-approved campus organizations. Lambuth University considers as directory information each student's name, sex, home address, telephone number, dates of attendance, class, previous institutions attended, major and minor fields of study, awards, honors, degrees sought or awarded, date of graduation, participation in officially recognized sports and activities, religious preference, faculty advisor, name of parents, guardians or spouse, and date and place of birth. Students who prefer that this information about them not be released should notify the registrar within one week of their official registration.

**Transcripts.** Academic records are kept in the Office of the Registrar. A student is entitled to one copy of his or her record without charge and additional copies are \$2.00 each. All requests for transcripts must be in writing. No transcript will be issued for any student or former student whose financial accounts are delinquent. Lambuth will accept FAX requests for transcripts and will FAX transcripts in exceptional circumstances. The charge for this service is \$5.00.

## Family Educational Rights and Privacy Act

Lambuth University complies fully with the Family Educational Rights and Privacy Act of 1974. This act insures that students have the right to inspect and challenge the accuracy of their educational records and that these records

## Student Life

are private and subject to certain protections. Students are notified annually of these protections and any procedures pertinent to their application through a detailed description in the "Student Handbook."
